

ITCC Training Days 25 – 26 November 2024

Preliminary programme

Day 1 – 25 November

8:30-9:00	Registration	
Session 1, chair Kaat Durinck		
9:00-9:05	Welcome by Karsten Nysom, Chair of the ITCC Education & Training Committee	
9:05-9:50	Preclinical evaluation of new therapeutics	Kaat Durinck, Ghent
9:50-10:35	Where do our therapeutics come from? How are they developed and prioritized?	Hubert Caron, Roche, Basel
10:35-11:00	Coffee break	
11:00-11:30	Understanding drug metabolism and pharmacokinetics why is it important?	Gareth Veal, Newcastle
11:30-12:30	Workshop 1: Design a drug!	Kaat Durinck
12:30-13:30	Lunch	
Session 2, chair TBC (E & T group member)		
13:30-14:00	Biostatistics in phase 1-2 clinical trials	TBC
14:00-14:45	Phase 1 studies: concepts, practicalities, and pitfalls	Darren Hargrave, London
14:45-16:15	Workshop 2: Design a phase 1 study (incl. coffee break)	Darren Hargrave, London
16:15-16:45	Interpretation of genomics data for targeted treatment	Kaat Durinck
16:45-18:00	Workshop 3: Simulated molecular tumour board	Kaat Durinck & Shivani Bailey, Birmingham
18:00-18:15	Further training possibilities – ITCC fellowships, ALADDIN	E&T committee; ITCC fellows
18:15-18:30	Summary of day 1	All faculty
19:30-	Dinner at the meeting venue	

Day 2 – 26 November

Session 3, chair Fernando Carceller

08:30-09:15	Update on precision cancer medicine trials	TBC
09:15-09:45	An introduction to the role of liquid biopsies in new drug development	Samuel Abbou, Villejuif
9:45-10:15	Introduction to safety evaluation in practice	Fernando Carceller, London
10:15-10:45	Coffee break	
10:45-11:45	Workshop 4: Simulation of a safety teleconference with pharma	Fernando Carceller, London
11:45-12:25	Phase 2 studies, concepts, practicalities, pitfalls	Jaime Verdu, Valencia
12:25-13:10	Workshop 5: Design a phase 2 study	Jaime Verdu, Valencia
13:10-13:40	Lunch	

Session 4, chair Tracey Crowe

13:40-14:10	Ethics of conducting early phase trials in children	Luca Bergamaschi, Milan
14:10-15:10	Workshop 6: Ethics examples	Tracey Crowe, London, Luca Bergamaschi, Shivani Bailey and ITCC patient / parent group representatives
15:10-15:40	Coffee break	
15:40-16:10	Integrating our new therapeutics into front-line trials	Lynley Marshall, London
16:10-16:40	How to start building an early phase clinical trials unit	Paco Bautista, Utrecht & Karsten Nysom, Copenhagen
16:40-17:00	Remaining questions and evaluation	All faculty & participants
